

# Facial Plastic and Reconstructive Surgery 2017

## Theme: Nose and Face

*Presented by*

**CANADIAN ACADEMY OF FACIAL PLASTIC  
AND RECONSTRUCTIVE SURGERY  
ACADEMIE CANADIENNE DE CHIRURGIE  
PLASTIQUE ET RECONSTRUCTIVE FACIALE**

### **Learning Objectives**

- 1) Provide an interactive forum for physicians and surgeons to have in depth discussions and understanding of the current concepts and techniques in aesthetic and reconstructive facial plastic surgery.
- 2) Provide advanced learning in rhinoplasty with expert opinions on difficult rhinoplasties in both primary and secondary cases.
- 3) Provide an understanding on how to accurately select appropriate candidates for aesthetic and reconstructive facial plastic surgery procedures and skin care.
- 4) Provide an understanding of the contemporary concepts of facial plastic surgery and non invasive techniques.
- 5) Provide an understanding of relevant anatomical structures important to surgical and non-surgical techniques to add predictability and safety to these procedures.
